TOWN OF MAMMOTH

Mammoth, AZ

MAMMOTH WATER SYSTEM

CFDA-10.760

General Notice

The Town of Mammoth (Owner) is requesting Bids for the construction of the following Project:

MAMMOTH WATER SYSTEM & Booster Station

CFDA-10.760

Bids for the construction of the Project will be received by the Bowman Consulting via email to ewright@bowman.com by 2:00 PM local time, Thursday June 12th, 2025. At that time the Bids received will be publicly opened and read at the following address: Bowman Consulting 550 S. Gila Avenue, Safford, AZ 85546 local time.

The Project includes the following Work:

This project is funded by the United States Department of Agriculture (USDA) Rural Development. The loan and/or grant will be administered on behalf of the Rural Utilities Service (RUS) by the state and Area staff of USDA Rural Development.

This project is for the construction of approximately 14,059 linear feet of 8-inch diameter pipe, 978 linear feet of 6-inch diameter pipe main, 616 linear feet of 6-inch diameter pipe main to hydrant, 1,062 feet of 4-inch diameter pipe, and 1,316 feet of 2-inch diameter pipe. It includes the addition or replacement of approximately 24 fire hydrants, and the replacement of approximately 216 water services.

The project includes the refurbishment of piping and fittings at municipal water well #5. Construction includes the replacement of two pressure reducing valves including new vaults and piping, a 4-inch PRV replacement inside of a vault, and an 8-inch PRV replacement inside of a vault.

The construction includes the boring of a water line piping under ADOT SR-77, two service crossings of SR-77, and minor piping work within the Right-of-Way of SR-77. There is a total of 1,346 feet of water line replacement within the ADOT Right-of-Way.

The project includes the construction of a new booster station to replace the existing system. The new booster station will include a fenced area of approximately 38-feet by 35-feet. The construction includes clearing & grubbing, site grading, a new 18- feet by 15-feet booster station building and building foundation, electrical, and site drainage. The construction includes connections from the new booster station to the existing booster station and will include all appurtenances for installation.

The new booster station pumps will be skid mounted Grundfos pumps Model Hydro MPC E 2CR95-2-2 or an approved equal. The booster station will be setup as a lead-lag configuration with

alternating pumps. Each pump will independently produce 350 GPM at a total dynamic head of 140 feet.

The project shall include all excavation, bedding, and backfill necessary to complete the work in accordance with the project plans and specifications. Additional improvements as shown on the Drawings and noted in the Specifications shall be required.

The Project has an expected duration of 330 Calendar days.

Obtaining the Bidding Documents

Information and Bidding Documents for the Project are available in digital format by contacting Erick Wright at 520-463-3209 or ewright@bowman.com. If the Contractor intends to bid on the project, the Contractor shall contact Erick Wright and register themselves as a plan holder. Any addenda issued during the bidding process will be emailed to those who have registered with Erick Wright as a plan holder. If/when an addendum is issued, the proposed bidder shall confirm receipt of the addendum by email. Neither Owner nor Engineer will be responsible for Bidding Documents, including addenda, if any, obtained from sources other than as designated above.

The Issuing Office for the Bidding Documents is:

Bowman
550 S. Gila Avenue, Safford, AZ 85546
928-428-3898

Questions shall be received in writing up to five (5) business days before the bid Opening. Address all questions to William (Billy) Orr, PE, Bowman, worr@bowman.com. Only written questions will be addressed.

Pre-bid Conference

A pre-bid conference for the Project will be held on **Thursday May 15 at 10:00 AM.** at the Town of Mammoth Town Hall, 125 N. Clark Street, Mammoth, AZ. Attendance at the pre-bid conference is encouraged but not required.

Instructions to Bidders.

For all further requirements regarding bid submittal, qualifications, procedures, and contract award, refer to the Instructions to Bidders that are included in the Bidding Documents.

The Town of Mammoth reserves the right to accept the lowest, responsible bid; to consider alternatives; to reject any or all bids; and to waive irregularities or information in any bid. Bids received after the specified time of closing will be returned unopened. The Town of Mammoth also reserves the right to hold any or all bids for a period of sixty (60) days after the date of opening. Bidders will not be allowed to withdraw submitted bids during the sixty (60) day period.

The Town of Mammoth is an Affirmative Action/Equal Opportunity Employer.

American Iron and Steel

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined

pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.

The following waivers apply to this Contract:

De Minimis,

Minor Components,

Pig iron and direct reduced iron
